---	--	-------------------	--

Please read the following:

- STEP (Student Training for Entrepreneurial Promotion) is a course that was newly developed in cooperation between different universities in Uganda: Makerere University Business School, Uganda Christian University, Makerere University, Kyambogo University and in Germany: Leuphana University of Lüneburg. Only limited places are available and not all applicants can be provided with a place in the training course. However, we assure that every applicant has the same chance to get a place.
- The training course includes 12 sessions with 3 contact hours per session. The attendance of the course by each student will be followed-up and it is prerequisite for successful completion of the course. Regular attendance means that students are not allowed to miss more than 1 session.
- You will receive a certificate of attendance that will be very useful for applying for work.
- The training course is a voluntary course with heavy workload and take-home assignments that students have to accomplish on top of their regular courses during the semester.
- The take-home assignments have to be done on a computer. For saving the documents, the participants of the training will receive all the necessary training material.
- For the development of their enterprise during the training course, students will be provided with starting capital that has to be paid back at the end of the course.
- To assure commitment to the course and for the CD and the starting capital, students will be asked to pay **a deposit of 200 Kenya Shillings** in the first session. Students will get back the deposit at the end of the course in case of regular attendance.
- By signing the application, you agree that we may ask for your bachelor grade by contacting the registrar

This course is very attractive to many students and it will be an important experience for you. However, you must also be completely committed to the course. So, by signing this, you attest your commitment to this course with its heavy workload. You also accept the terms and conditions stated above.
