

The 2nd Cancer Research Symposium

The Confucius Institute - Kenyatta University

21 - 24 October 2025

THEME

Unlocking the Future of Cancer Research in Kenya: From Molecular Biology to Society

Cancer research in Kenya is a rapidly developing field. This symposium will showcase current research efforts in Kenya and the region, promoting multidisciplinary collaboration to accelerate innovation and drive groundbreaking discoveries in cancer prevention, diagnosis, and treatment, ultimately addressing the region's cancer burden.

CALL FOR ABSTRACTS

FOCUS AREAS

- Fundamental of Cancer Biology
- Biomarkers & Drug Discovery
- Genomics & Precision Medicine
- Genetics & Epigenetics
- Cancer Metastasis
- Radiation Oncology
- Immunology & Immunotherapy
- Clinical & Translational Research
- Cancer Diagnosis & Therapy
- Cancer Health Literacy
- Cancer Pathology
- Science Communication
- Patients Advocacy
- Cancer Epidemiology

Abstract Submission Deadline: 30 July 2025

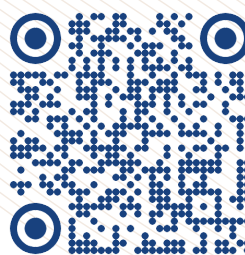

REGISTRATION

Undergraduates: KES 3000

Postgraduates: KES 5000

Academics, Researchers, Industry, &

Professionals: KES 8000
